

Thierry Richoux 2017 Bourgogne Rosé

Varietal(s)	Pinot Noir
Region	Burgundy, France
Short Summary	
Terroir	Irancy is tucked in at the bottom of a very small amphitheater about 20 minutes west from the center of Chablis. It shares the same basic geology as Chablis: Portlandian limestone on the upper sections and Kimmerigean limestone inside of the sloped areas. Irancy has found its special climate for Pinot Noir because of its horseshoe shape that faces south, west and north. The Pinot Noir from the north face is the most common location for the rosé wines due to its inability to fully ripen each year for still red wine production.
Cellar Notes	The grapes are harvested by hand in small bins. The grapes are normally whole cluster pressed (sometimes there is a saignée made). SO2 is added only at bottling (starting in 2018 vintage). The wine is fined and lightly filtered.
Farming	Sustainable—Organic Certified—Biodynamic Certified—Uncertified Naturalist
Alcohol %	12-12.8
Total SO2	None Added—Very Low—Low—Medium—High
