

## Rodolphe Demougeot 2017 Beaune Les Epenotes

Varietal(s)	Pinot Noir
Region	Burgundy, France
Short Summary	
Terroir	Despite not resting on a majestic slope, this vineyard maintains a near perfect balance of clay topsoil rich in iron (which improves power and mineral impressions and texture) with broken up limestone rocks and a limestone bedrock not too far underneath—in proportions that match the great vineyards up on slopes. As its namesake Les Epenotes implies, this apple hasn't fallen too far from the tree that is Pommard's 1er Cru Les Petits Epenots.
Cellar Notes	100% of the grapes are destemmed and placed in cement and stainless steel vats. The grape must is chilled down to eight degrees and then allowed to start a spontaneous fermentation that usually lasts about two to three weeks depending on the vintage conditions. They are lightly extracted using the infusion approach, which is to say very little is done to disturb the grapes during the fermentation and maceration. Once pressed, it's settled in a tank overnight and gravity fed into barrel the wines where they stay without racking until preparations for bottling. As he does with the white wines, the first sulfite addition is made at bottling and they are spared excess use of new oak during the aging.
