2021 BRIGID, PINOT BLANC, PRINZEN

PRODUCER OVERVIEW

Not only a devout biodynamic farming practitioner since 2006, Birgit Braunstein lives a biodynamic life. A single mother since the birth of her two sons, Felix and Max, she steadily and remarkably advanced the quality of her family estate. Her vineyards are versatile mix of limestone, mica schist, and crystalline quartz, which offers her range a great deal of breadth and depth. Her vineyards are in Leitha Mountains on a gentle, southeast slope facing Lake Neusiedl.
