Domaine Christophe et fils 2022 Petit Chablis

Varietal(s)	Chardonnay
Region	Burgundy, France
Short Summary	
Terroir	It comes from a collection of parcels located on the plateau of Portlandian limestone behind the grand cru slope and premier crus on the right bank and is not as mineral-sharp as Petit Chablis grown on the left bank on more pure rock soils. Many of the plots are new and some date back to the 1960s, giving an average of about thirteen years (noted in 2020). The altitude ranges between 190-250 meters with multiple aspects, some flat and others steep. It's a total knockout and has found its way onto may celebrated wine list by-the-glass programs; as has our next wine, the Chablis village.
Cellar Notes	This wine is naturally fermented in stainless steel. Malolactic fermentation is completed in all of Christophe's wines and bottling takes place after 7-8 months depending on the vintage—less time for lower acid vintages and more time for higher ones. It's fined with bentonite (a natural clay) and filtered with diatomaceous earth (fossilized sedimentary algae with a siliceous skeleton).
