2021 MALVARINTO DE JANAS, BRANCO

PRODUCER OVERVIEW

VINEYARD DETAILS

Malvarinto de Janas comes from a 1-ha parcel of Malvasia de Colares and Arinto planted in 2013 on a mild slope facing south at 200 meters altitude, on a medium-deep calcareous clay topsoil over Jurassic limestone bedrock.

CELLAR NOTES

Malvarinto de Janas is whole-cluster pressed and naturally fermented, and aged 10 months sur lies (including gross lees) in an average 3-year-old 225-l French oak barrel (15% new). It goes through malolactic fermentation, followed by light filtration (1.2 µm; not sterile) without fining.
